▼ How to use the information

Do not panic. Stay Calm.
Be prepared for strong tremors.
Protect your head. Watch out for falling objects.
Keep away from hazardous areas.

At Home

Protect your head and shelter under a table.
Stay away from shelves, cabinets and other heavy objects.
Do not rush outside.
Do not worry about turning off the gas in the kitchen.
If you are near a door, open it to create an escape route.

When Driving

Do not slow down suddenly.
To reduce the risk of accidents, avoid sudden braking or swerving.
Turn on your hazard lights and slow down gently.

In public places

Do not panic. Stay calm.
Overreaction can incite mass panic. Panic leads to injury.
Protect your head and prepare for strong tremors.
Keep away from lamps and other hanging objects.

Outdoors

Look out for collapsing concrete-block walls.
Keep away from vending machines.
Be careful of falling signs and broken glass.
Look out for collapsing walls.
Evacuate to a building with high earthquake resistance.

On Buses or Trains

Hold on tight to a strap or a handrail.

In Elevators

Do not use elevators.
If you are in an elevator, stop the elevator at the nearest floor and get off immediately.

Near mountains/Cliffs

Watch out for rockfalls and landslides.
